1. IELTS Aademic :

-overall: 8 / 9

-reading: 8.5 / 9

-listening: 8.5 / 9

- writing : 7 / 9

- speaking: 7 / 9

Profile

Web Developer adept focusing on front-end development.

I tried many areas of computer programming and decided that web development is a perfect one for me. I love how much there is to achieve in this field. Right now I focus on front-end development using React and I find this framework wonderful.

Employment History

Freelance Web Developer

MARCH 2021

Planned, developed, deployed, and maintained web applications.

I decided that the best way to polish my skills is practice so I started working as a freelancer. I did many small projects on websites such as freelancer.com and couple bigger ones for local companies and organizations.

Education

I Liceum im. Jana Długosza w Nowym Sączu

SEPTEMBER 2019 — MAY 2022

I attended a form with extended Mathematics, Physics and English Language.

Academic Achievements

Diamond Index of AGH

I achieved a title of laureate of Diamond Index of AGH in both mathematics and computer science.

Polish Math Olympiad

I attended a regional level competition in Polish Math Olympiad.

Jagiellonian Math Tournament

I achieved a title of laureate in a math tournament organized by a prestigious polish university.

Hobbies

I am keen on Mathematics. Throughout high school I took part in many mathematical competiotions as I really enjoy them. I love the exquisite beauty of this particular area of science and I think that it is very powerful tool coupled with computer science.

Apart from science I am interested in martial arts. Currently I train kickboxing and muai thai.
